An aerial photograph of a winding asphalt road that curves through a vast, dense forest of tall green trees. The road starts from the bottom right and winds its way towards the top center of the frame. The forest is lush and green, with varying shades of green indicating different types of trees and the density of the canopy. The sky is overcast with grey clouds.

AS OF AUGUST 30TH 2024

**BYD HAS REDUCED
CARBON EMISSIONS
BY TOTAL OF
2.3 MILLION KGs**

**OFFSETTING
EQUIVALENT OF
40,000 TREES
WORTH OF CO₂**
